

AARP Foundation[®] Tax-Aide

**Would you like to
prepare your own
taxes with remote
assistance from an
IRS-certified
AARP Foundation
Tax-Aide counselor?**

TEXAS

is participating in the
Alternative Tax
Preparation Program

DATES

February 1 - April 15, 2025

If you wish to participate:

- Your Adjusted Gross Income for last year must be under \$84,000*.
- You will do your own data entry into the free tax preparation software we provide. The Tax-Aide volunteer will assist you, but they will not prepare the return for you.
- You will need to have all your necessary tax documents available and be ready to file your return. Learn more at aarpfoundation.org/taxaideselfprep.

* Counselor assistance is available to taxpayers with higher AGIs who purchase their own software.

- You will need access to the internet. We recommend using a computer, but we are also able to offer limited assistance for other devices such as smartphones and tablets.
- If you do not have internet access or the necessary hardware or are not comfortable with entering your own data in an online software program, you can seek the assistance of a trusted friend or relative.
- You will be responsible for the completeness and accuracy of your own return.
- You can keep a copy of your tax return by printing or saving it. You will lose access to your online return at the end of the filing season (October).

Does this program sound like a good fit for you?
